

Istituto Comprensivo Olcese – Scuola Media plesso di via del Pergolato
Progetto E-Twinning classe III sez.E
Anno Scolastico 2021-2022
Prof.ssa Vadalà Maria Teresa

La classe III E di via del Pergolato ha preso parte anche quest'anno al Progetto Etwinning. Il progetto, intitolato 'Cooking project Breda- Rome 2022', viene svolto già da alcuni anni in collaborazione con una scuola olandese della città di Breda, attraverso un *gemellaggio elettronico*.

A partire dal mese di ottobre gli studenti hanno creato il proprio profilo personale nel Twinspace, inserendo informazioni su di sé. Poi, scambiandosi e-mail all'interno del Twinspace del sito E-twinning, hanno conosciuto i coetanei olandesi. Dopodiché, tra novembre e maggio, utilizzando il laboratorio di cucina della scuola, si sono cimentati nella preparazione di alcune ricette tipiche italiane (Tiramisù – Pasta carbonara – Pasta amatriciana – Crostate – Pasta cacio e pepe). Durante la preparazione gli alunni hanno assunto ciascuno un compito: a chi è stato affidato quello della preparazione delle ricette, a chi la direzione delle videoriprese, a chi il montaggio dei video con base musicale e testi con le relative istruzioni, ingredienti e dosaggi delle ricette, a chi il caricamento dei video nel sito condiviso con la scuola olandese. Anche gli studenti di Breda hanno proseguito nello stesso modo.

Il progetto ha lo scopo di sviluppare abilità sociali e comunicative, migliorare la capacità di comunicare in inglese, accrescere il senso di background culturale, promuovere il senso di appartenenza all'Europa, aumentare la conoscenza e l'uso di webtools.

Di seguito l'estratto di alcune immagini estrapolate dai video riguardanti le attività svolte nel laboratorio di cucina e di alcune mail scambiate dagli alunni.
